

REMARKS

Entry of the preceding amendment is respectfully requested.

The Examiner will note that claim 3 has been amended to change its form from that of a multiple-dependent claim to one of an ordinary dependent claim to avoid payment of the multiple-dependent claim fee.

Claims 1 and 4 have been amended to place them into a form which more clearly points out the invention. Support for the amendments defining principal oxides may be found in the specification at page 3, lines 12 through 14. Claims 2 and 3 have been amended to conform them to claim 1, from which they both depend. Claims 5 and 6 remain as originally filed.

An early examination of the present application is respectfully requested.

Respectfully submitted,

John F. Gulbin
